

Lógica Horizontal

	Descripción Narrativa	IVO	Fuentes de Información	Riesgos Hipótesis
Impacto				
Objetivo Específico				
Resultado esperado				
Actividades				
Recursos				

The diagram illustrates the horizontal logic flow between the five levels of the table. Black arrows originate from the 'Impacto' row and point to the 'Objetivo Específico', 'Resultado esperado', 'Actividades', and 'Recursos' rows. This indicates that the impact is derived from these specific levels. Additionally, there are arrows pointing from the 'Objetivo Específico', 'Resultado esperado', and 'Actividades' rows back to the 'Impacto' row, suggesting a feedback loop or that these levels contribute to the overall impact.
